Srijan Gajurel

Full Stack Web Developer | AI Enthusiast | Computer Engineering Student

gsrijan02@gmail.com +977-9840031714 Kathmandu, Nepal

srijangajurel.com.np linkedin.com/in/srijangajurel github.com/cjffcnx

Professional Summary

Computer Engineering student at Nepal Engineering College with practical experience building and deploying full-stack web applications and AI-integrated tools. Completed internships in web development and professional coaching. Holds 70+ certifications spanning AI, web development, project management, and business communication. Active APM Student Member and community leader. Looking for a full-stack or web developer role where I can contribute from day one.

Technical Skills

Languages	JavaScript (ES6+), Python, PHP, Java, C, C++, HTML5, CSS3
Frontend	React.js, Vite, Bootstrap, Responsive Design
Backend	Node.js, Express.js, Laravel, PHP, REST APIs
Databases	MongoDB, MySQL
AI / ML	Hugging Face Spaces, Generative AI, Prompt Engineering
Tools	Git, GitHub, VS Code, WordPress, Render (deployment)
Concepts	Full Stack Development, OOP, Data Structures, MVC Architecture

Professional Experience

Web Developer Intern — Sep 2024
ITIntern — Remote

- Built **Manoranjan**, a student social media web app for posting, connecting, and interaction — using HTML, CSS, JavaScript, and PHP. [Demo]
- Developed **Life Care Services**, an emergency service web app for quickly accessing and requesting help — focused on user flow, layout, and backend logic using HTML, CSS, JavaScript, and PHP. [Demo]
- Ranked **2nd top performer** across all interns based on project outcomes and assessment scores.
- Built a personal portfolio site (srijangajurel.com.np) from scratch, deployed and live.
- *Certificate:* itintern.in/verify?id=WDB53

Professional Development Intern — 2024
Nobel Coaching (Nobel Internship) — Kathmandu, Nepal

- Trained in professional communication, leadership frameworks, and client-facing business skills.
- *Verify:* internships@nobelcoaching.com | Certificate

Projects

Blood Bank Management System with Demand Forecasting — Apr 2025 – Mar 2026 | Nepal Engineering College
Stack: React.js, Node.js, Express, MongoDB (MERN), Python — Live GitHub

- Built a full-stack MERN web platform to digitize blood donor registration, blood request management, and real-time availability tracking — replacing slow manual coordination.
- Implemented role-based access: donor registration with blood group and location, user/hospital blood search, and admin stock management dashboard.
- Integrated demand forecasting to predict blood supply needs and reduce shortages.
- Deployed live on Render; repository includes complete source code and documentation.

Dropee — Link-Based File Sharing Platform — Feb 2026 – Mar 2026
Stack: React (Vite), Node.js, Express.js, MongoDB — Live GitHub

- Developed a full-stack file and content sharing tool where users generate a shareable URL — no sign-up required for receivers.

- Solved real deployment challenges: API rate limiting, file storage, and stable public URL generation across environments.
- Focused on deployment lifecycle from local development to production on Render.

AI Career Guidance Tool Feb 2026 – Mar 2026

Stack: Python, Hugging Face Spaces, Generative AI Live Demo

- Built an AI-powered tool that helps students and early professionals identify suitable career paths, required skills, and actionable learning steps based on their interests and goals.
- Deployed on Hugging Face Spaces as a public interactive interface; designed for beginner, intermediate, and advanced guidance levels.
- Addresses a real gap: accessible, on-demand career advice without needing a human counselor.

Personal Portfolio Website srijangajurel.com.np

HTML, CSS, JavaScript, PHP

- Designed and deployed a portfolio to present projects, certifications, and skills to potential employers; mobile-responsive and version-controlled via GitHub.

Education

Bachelor of Engineering — Computer Engineering 2021 – Jan 2026 (Expected)

Nepal Engineering College, Pokhara University Bhaktapur, Nepal *Key Courses:* Data Structures & Algorithms, Database Management Systems, Computer Architecture, Artificial Intelligence, C/C++ Programming

High School Diploma (Science) 2020 – 2021

Reliance International Academy — Nepal National Examination Board Kathmandu, Nepal GPA: 3.73 / 4.0

Certifications & Credentials (70+ total — selected highlights)

- **Google AI Essentials** — Coursera Verify
- **Generative AI Top Performer Award** — Ideagist Verify
- **Introduction to Modern AI** — Course Completion Credly Badge
- **Business Communication & AI for Professionals** — ILMx Verify
- **Aspire Institute Certificate** — Leadership & Professional Development View
- **APM Student Member** — Association for Project Management Credly Badge
- **WordPress Development Certificate | Information Security Certificate** — ITIntern

Volunteering & Leadership

Club Membership Chair 2021 – Present

Rotaract Club of Pashupati Kathmandu Kathmandu, Nepal

- Design and drive membership recruitment campaigns and community events for an active service club.
- Coordinate across 20+ members to sustain participation in social and professional development projects.

Additional Information

- **Languages:** Nepali (Native), English (Professional Proficiency)
- **Open Source:** All personal projects publicly available on GitHub
- **Availability:** Open to full-time, part-time, or remote opportunities
